

R E M A R K S

Applicant hereby re-submits the listing of claims, to make this portion of the response consistent with amendments made to the previous version of the claims, submitted first on December 23, 2008 and then resubmitted in the March 15, 2009 amendment.

The identifier of claim 21 has been changed to "currently amended".

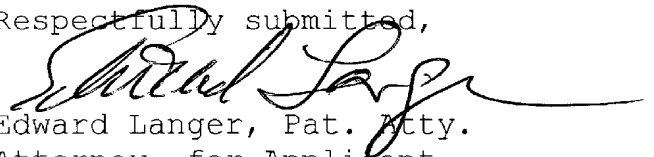

With regard to claim 5, as presented in the response of 23 August, 2007, a portion of this claim was deleted. Specifically the language " and further defining each of said triggers as having one of the following sub-classifications: mandatory; and optional;" was incorporated into claim 1, but was not marked as having been deleted in claim 5. The Remarks section of that response indicated this change at p. 23 lines 18-23.

Therefore, the current amendment of claim 5 reflects the amendment that should have been done in the response of 23 August, 2007.

Claim 5 has now been presented with the identifier "currently amended".

In view of the present claim amendments and remarks, all of the claims in the application are deemed to be allowable. Further reconsideration and allowance of the application is respectfully requested at an early date.

Respectfully submitted,

Edward Langer, Pat. Atty.
Attorney for Applicant
